accurate?

What Do We Offer

Accurate Calculations

Generate payroll runs easily and instantly with automated, accurate calculations.

Automated Payslips

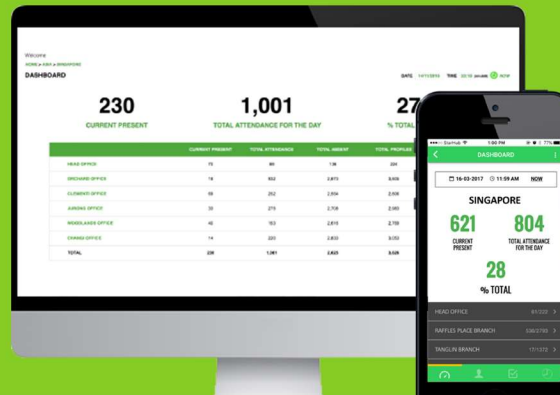

Payslips to employees can be generated and printed instantly with ease.

Leave Management

Manage leave records and balances of employees systematically and effectively.

DESIGNED TO BE SIMPLE
WITHOUT COMPROMISE

Accessible Anytime, Anywhere

Our cloud-based HR payroll solution, **BAS-Payroll**, is a proven, highly configurable system, which can help organisations easily prepare salary and overtime payments for their employees.

Designed with Experience

Built with great features such as highly configurable pay elements, contributions, allowances, deductions and more, leave management, HR documents and payslip generation.

True Big Data Solution

Leveraging on big data technologies, you will be able to have an overview of real-time statistics, and the added capability to drill down to individual information.
